

A19 LED Bulb

Ivy Series

Technical Specifications

Power	Voltage	CCT	Lumen	PF	CRI	Lifespan
5W	AC110~120V	2700K	450	>0.5	>80	25000hrs
5W	AC110~120V	5000K	460	>0.5	>80	25000hrs

E26

300° Beam angle

Features

1. low energy consumption

Good color rendering

No IR and UV radiation

Similar appearance and size as the traditional incandescent bulb

With patented ceramic heat dissipation technology, besides of ensuring the best heat radiation performance, the insulated features can give us the best security as well.

Adopting high light transmittance material for lampshade, which rate reaches 93%

Applications
