Features

Unique and elegant design.

No Moisture while lighting even in clear lamp cover.

PC& Aluminium heat-dissipation, Safety and stable, Long Lifetime.

Luxuriant choice for crystal droplight shows palatial royal temperament

Applications

For chandeliers, crystal light fittings, decorative lighting and general lighting.

* The usually color temperature for our LED candle light is natural white or warm white color. If you want the light looks more like a real candle flame in the chandelier, we suggest you use warm white.
